DEMOCRATS of the good old banner county of Hardeman, do not fail to go to your voting place Saturday and support your choice in the primary election. Let every district do its best and we will maintain our well deserved reputation as a democratic county.

DEMOCRATS who do not always support the nominees of their party remind us of some members o churches who atttend services only when it suits them. If all de nominations were composed of such members, how long would it be before our whole country would be churchless ?

Good Advice in a Nutshell,

There are tour organs in the human body which are vital in their fuctions and delicate in the

structure, and which give us an immense amoun of trouble. These are the Heart, Stomach, Kid neys and Liver. If they give us trouble it is be cause we neglect or abuse them, and of course we must take the consequences. The diseases of these organs are very numerous and often dangerous Luckily we now have a remedy which has proved just the thing for this class of diseases. It is Peru-na, a purely vegetable compound, that strike right at root of the whole trouble This preparation was used by Br. Hartman most successfully in
